Tot-Tunes

GitHub: https://github.com/Davidanderson76/ToT-tunes
Deployed: https://davidanderson76.github.io/ToT-tunes/

ToT-Tunes is a web-based application made with mobile first design. "Tot" stands for "Tip of Tongue" ToT-Tunes allows the user to input song lyrics or phrases, which then returns a list of artists that use that lyrical phrase. Built with the idea in mind of helping others remember a song that is stuck in their head.

Core responsibilities of the project mostly included JavaScript and connecting to the open source API that contained all of the artist and lyrical info.

Marvel Superhero Quiz

GitHub: https://github.com/Davidanderson76/Marvel-Superhero-Quiz
Deployed: https://davidanderson76.github.io/Marvel-Superhero-Quiz/

Here I have made a timed quiz on Marvel superhero knowledge. Each question gives the user 10 seconds to answer and tracks the users progress in a bar so they can see how well they are doing at all times. At the end of the quiz you will be shown your final score with an image that changes depending on your score.

EDUCATION
